

— B0 — RES — OracleGate ● ends: success ✕ ends: failure

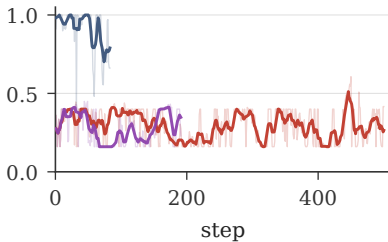

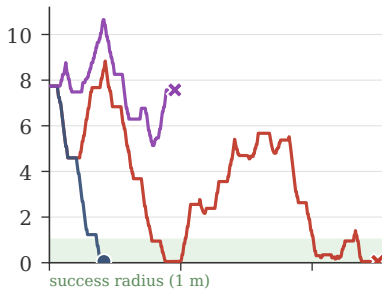

(a) rescued — ep 43, goal: toilet

*only the per-frame appearance
oracle converges (0.17 m)*

(b) broken — ep 117, goal: chair

*greedy per-frame view choice
walks the oracle away (7.6 m)*

(c) tied — ep 17, goal: toilet

*B0 parks 0.02 m from goal yet
never commits: reach ≠ success*
